COLLECTION OF TERRAZZO TILES

Terrazzo tiles have been used for centuries and continue to be admired for their timeless appeal. They feature a speckled pattern created by chips of marble, quartz, granite, or glass embedded into a cementitious or resinous base.

Available in a wide range of colors and aggregate sizes, our Terrazzo tiles can be customized to complement any interior style, from traditional to modern.

Terrazzo tiles are renowned for their durability and longevity. They are resistant to scratches, stains, and water damage, making them suitable for high-traffic areas in both residential and commercial settings.

With minimal upkeep, Terrazzo tiles maintain their beauty over time. Regular sweeping and occasional mopping are all that's needed to keep them looking pristine.
